DETAILED ACTION

Allowable Subject Matter

1. Claims 1-14 and 17-24 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant incorporated allowable subject matter of claim 16 into independent claims 1 and 24 to overcome examiner's rejection of said claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. The Applicant responds to objections of the disclosure of the specification. The Applicant amends the specification and overcomes said objections to the disclosure. The Examiner therefore withdraws the said objections.
4. The Applicant responds to objection of the drawings by pointing to locations of the description within the specification to show the relationship between claimed subject matter and drawing references. The Examiner therefore withdraws the said objection.
5. The Applicant responds to the rejection of claims 1,2,8,15,17,18,and 23 by pointing out the descriptions within embodiments of the specification. The Examiner therefore withdraws the said rejection.
